INVEST IN EGGS:

Sir/Madam

Thank you for showing interest in our business, to invest in our retail section of eggs business opportunity, also for empowering (Opening Vacancies) the poor; disadvantaged and unemployed fellow country men and women.

In a nutshell, it is an opportunity in disguise for closing the gap of unemployment, in South Africa.

This is a special case compared to our investment policy published from our website www.smba.co.za and has been given extra careful attention due to the amount of investment.

So in that case we'll try our level best to break it down to the last cent in terms of invested amount (Initial Capital - IC) and its profit.

With an investment of **R2,5 million** its Profit could make a minimum profit of **R113 636,00** in one *period.

Or

With an investment of **R5 million** its Profit could make a minimum profit of **R227 273,00** in one *period.

After Twenty four (24) months the IC can be withdrawn in total.

In such overwhelming funds a *PERIOD can't be easily identified nevertheless it can be studied while in progress, meaning the numbers can double itself or even triple depending on the viability of our effective and efficient management: structure/infrastructure/logistics/non-conforming & conforming product management/Quality and competency. Nevertheless it's our field of expertise.

Kind Regards,

Mr DW Ntobeng
